Take a Stand

Kali Navales

in every man there is a thin line,
a path between love and hate
in this life there is some ups and downs,
but don't give up on your faith
don't give into their lies
we all deserve to know what is going on
for in Jah holy plan
it is a beautiful place,
a different time and space

so live it up and take a stand
do it for everyone
so live it up as a righteous man
the path to His kingdom
so live it up and take a stand
do it for every man
live it up as a righteous man
the path to His kingdom

in this life there are some ups and downs,
but don't give up on your faith
through thick and thin
if we stay faithful then evil can never win
it takes but a prayer to ---
in a Jah sights bend a knee
in Jah holy plan it is a beautiful place
a different time and space

so live it up and take a stand
do it for everyone
so live it up as a righteous man
the path to His kingdom
so live it up and take a stand
do it for every man
live it up as a righteous man
the path to His kingdom

you got to, you got to, you got to
you got to live it up, live it up

you got to, you got to, you got to
you to to live

can you hear Jah calling (oh Lord)
in the hearts of His children
------- (He's in your heart now calling)
