

Landed (The Warfield, San Francisco CA, 1/31/13)

Ben Folds Five

We'd hit the bottom
I thought it was my fault
And in a way I guess it was
I'm just now finding out
What it was all about We'd moved to the west coast
Away from everyone
She never told me that you called
Back when I was still
I was still in love 'Till I opened my eyes and walked out the door
And the clouds came tumbling down
And it's bye-bye goodbye I tried
And I twisted it wrong just to make it right
I had to leave myself behind
And I've been flying high all night So come pick me up
I've landed The daily dramas
She made from nothing
So nothing ever made it right She liked to push me
And talk me back down
'Till i believed I was the crazy one
And in a way
I guess I was 'Till I opened my eyes and walked out the door
And the clouds came tumbling down
And it's bye-bye goodbye I tried
Treading the sea of a troubled mind
I had to leave myself behind
Singin' bye-bye goodbye I tried If you wrote me off
I'd understand it
'Cause I've been on
Some other planet
So come pick me up
I've landed And you will be so
Happy to know
I've come alone
It's over And I opened my eyes and walked out the door
And the clouds came tumbling down
And it's bye-bye goodbye I tried
Down comes the reign of the telephone czar
It's okay to call
And I will answer for myself

Come pick me up
Come pick me up
I've landed
