Where Do the Nights Go

Ronnie Milsap

Without you in my life
Every night seemed like a lifetime
The clock upon the wall
Never seemed to move at all or was it just my mind?
Now with you here in my arms
I wanna make it last
But the time is flying by
And the morning's coming fastWhere do the nights go when I'm with you?
Where do the nights go
When I wanna kiss you and hold you tight?
Is this what love feels like?
Your heart beats like thunder every moment you wonderWhere do the nights go?
Where do the nights, where do the nights go?If I had a time machine
I'd make the daylight seem like fleeting moments
And every single night
Would be exactly like the night that we spent
But it won't be long until
I'm alone with my desire
'Cause the stars are going out
And my heart is still on fireTell me, where do the nights go when I'm with you?
Where do the nights go?
Where do the nights, where do the nights go?Now with you here in my arms
I wanna make it last
But the time is flying by
And the morning's coming fastTell me, where do the nights go when I'm with you?
Where do the nights go
When I wanna kiss you and hold you tight?
Is this what love feels like?
Your heart beats like thunder every moment you wonderWhere do the nights go?
Tell me, where do the nights, where do the nights go?
