

# Ki-Yi Bossie

## Bob Weir

in a cold church basement  
one november friday night  
    come along, come along  
    in a twelve step meeting  
    under harsh florescent light  
        and that's bright  
hey come on i know i deserved to be there  
    but i don't remember why  
    i was looking for salvation  
    but nothing caught my eye  
        my turn to tell my story  
    and i guess it's worth a try  
        come along, come along  
        come along, come along  
        come-a Ki Yi Bossie  
        come-a Bossie come along  
    come Ki Yi Bossie come along  
        come-a Ki Yi Bossie  
        come-a Bossie come along  
        come along, come along  
        come along, come along  
well i guess she had other interests  
    she had something else to do  
        you okay?well, me too  
        so tell me  
whatcha gonna whatcha gonna whatcha gonna do  
    well okay  
    boo hoo  
        so now the happy hour  
        is raining on my shoes  
    and it's not all that important  
    which poison that you choose  
        when you're tuned enough  
            to sing the roaming  
            coke and whiskey blues  
                and that melody  
                comes through  
                and now you're paying  
                    your dues

come-a Ki Yi Bossie come-a Bossie come along  
come Ki Yi Bossie come along  
come-a Ki Yi Bossie  
come-a Bossie come along  
come along, come along  
come along, yeah come on back before i drove a pickup  
and i took up buckin bales  
come along, come along  
i was looking high and low for meaning  
i was into saving whales  
before they're all gone  
but the weeds grow high  
it's where it all begins  
when i stopped to wonder why  
that was fertile ground for sin  
just pour some whiskey on  
and watch the fun begin  
come on, come along  
what could possibly go wrong  
here pour a little whiskey  
on that fertile patch of soil  
come along, come along  
sprinkle in a little heartache  
watch the ground begin to boil  
now it'sit's coming on strong  
as it starts to take a shape  
there ain't nothing there to like  
you best have quick reaction  
to the rattle coil and strike  
time to change the scenery  
it's time to hit the pipe  
and okay  
i'm gone  
they say each of us has meaning  
time to bring that all to light  
well alright, right on come along, come along  
come-a Ki Yi Bossie  
come Bossie come along  
come-a Ki Yi Bossie come along  
come-a Ki Yi Bossie  
come Bossie come along  
come along, come along  
come-a Ki Yi Bossie  
come Bossie come along  
come-a Ki Yi Bossie come along

come-a Ki Yi Bossie  
come-a Bossie come along  
    come along come on  
    come along come along  
    come along come on  
    come on, yeah come on
