Doctor Alibi (Lemmy Kilmister - Motorhead)

[Slash](#)

I went to see the doctor
He said you're pretty sick
You got some real bad habits
You'd better stop right quickI said doctor that's real bad news
Don't know what I'm gonna doDoctor
There's nothin' wrong with me
Doctor doctor
Can't you see
Doctor
I ain't gonna die
Just write me an alibiI went to see a shaman
He said you'll be alright
Just keep doin' what you love
Every single nightI said that's what I need to hear
? my childish fearsDoctor
?
Doctor doctor
My oh my
Doctor
You're the one for me
That's the mojo that I needDon't you know that I feel alright
Doin' what I do
I ain't gonna tow the line
Not till' I turn blue
All I got is one short life
That's what people say
And I ain't gonna waste a second
Doin' what you sayI won't be the one you like
I won't be the boy next door
I won't be the chosen one
That's not what I'm here for
I don't like the way you are
I despise what you hold dear
Don't you try to make me change
I'll haunt you for a thousand yearsDoctor
Don't you ?
Doctor
Don't you ?
Doctor

Stay away from me
Sick is what I'd rather be
Doctor
Doctor doctor death
Doctor
Doctor out of breath
Doctor
I ain't gonna die
Just write me an alibi
