

Come Along

Smokin' George

Written by George Winters

Oooâ€™s (2x)

I know that you Love me baby
Even thou you hide it so
Someday we could wake up to late
And maybe make a big mistake
Wonâ€™t you come along with me now
And leave this crowd with a happy face
We may never have this chance again girl

Na na na na

I come close in my life before
Then I turned round when I got to the door
I know she was waiting there for me
Now she donâ€™t even care you see

Why donâ€™t come
Why donâ€™t you come â€“ come on

Na na na na

Weâ€™ve been livin in a world of pain
We could be so far ahead of the game
Weâ€™ve really got so much to gain
But you donâ€™t even know my name

Na na na na

You know that I love you so
Cause this feeling just grows & grows
Could you come right over here with me
Turn around and maybe youâ€™ll see
