Bigger W/A Trigger

Backyard Babies

What were you thinkin'
when you went down?
it's kinda funny
since we always stuck around
what were you doin'
what went so bad?
you and me together
and everything we hadrun into a future
try not hiding from my past
I'm looking for tomorrow
and the next day just as fastonly one
only lonely oneparanoia mornings
nightmares in my bed
too hard to fuckin' cry
so I'd rather sweat instead
no zero numbers
just having fun
no time for seconds
I'm the only lonely onenever pull the trigger
cause your finger's working bestrun into a future
try not hiding from my past
I'm looking for tomorrow
and the next day just as fast
you want it all
you do not want the restyou think you're bigger
with a trigger
