

# Message to You

Lenny LeBlanc

Don't have to look close, to see I'm not perfect,  
Just a sinner who's been saved by grace,  
I know here lately I have drifted away from you,  
With just a half of smile on my face,  
Foolish pride! It's too I admit it,  
But I've lost my way in there, during grief,

I know you're out there up, searching everywhere,  
Lord if you hear me I've to gotta get a message to you,  
Send out an angel 'cause I feeling unable,  
Down on my knees I've to gotta get a message, gotta get a  
message.... To you.

Don't have much faith in my prayers anymore,  
They hit the ceiling and they fall to the floor,  
Somebody tell me I'm not wasting my time,  
I need an answer immediately show me a sign.  
I'm Holding Lord to keep from falling,  
Lord is that you saying, I hear you calling.

I know you're out there up, searching everywhere,  
Lord if you hear me I've to gotta get a message to you,  
Send out an angel 'cause I feeling unable,  
Down on my knees I've to gotta get a message, gotta get a  
message.... To you.

I need to send my plea specially delivered to you,  
I know that I've been wrong, Lord I pray you it won't be more.

'Cause I know you're out there up, searching everywhere,  
Lord if you hear me I've to gotta get a message to you,  
Send out an angel 'cause I feeling unable,  
Down on my knees I've to gotta get a message, gotta get a  
message.... To you.

Wanna hear you call my name
