

Weekend

Kenny Lattimore

It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue Last time I saw ya, we were together
Do you remember times that we shared?
'Cause I still remember your simple pleasures
The way you move and the way that you dance It's been too long, much too long
And I can't get you off my mind
So let's hook up like old times
Hit me up, it feels so right It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue So what you been upto? Are you still single
Doin' the friend thing, I like to know
I wanna see ya, so won't you stop by?
I miss your touch, girl, I miss your smile It's been too long, much too long
I can't get you off my mind
So let's hook up like old times
Hit me up if that's alright It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue Monday, I can't wait, Tuesday, to see your face
Wednesday, I'll give you a call
Hear me back if you wanna see me
Thursday, set it up, Friday, we hook up
Girl, just be ready when we get started It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue It's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans

I know somethin' we can do
Girl, you know it's overdueIt's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdueIt's the weekend hopin' we can chill again
Sorta like we use to do 'cause you know it's overdue
Maybe we can if you ain't got other plans
I know somethin' we can do
Girl, you know it's overdue
