

How I Wish

Keith Richards

Richards-Jordan How I wish that you were here again

How I wish that you were here again

Uh if I could see you and touch you with my hand

If I could feel you, but I know damn well I can't. How I wish that you were here again

How I wish I had you near again

If I could see you, oh just now and then

Oh if I could feel you but, I'd do my time again. (Oh honey, honey, honey, yeah) If I could kiss you, caress you
now and then

Ooh just to thrill you, I'd do life again, yeah. (Oh honey, honey, honey, yeah) How I wish that you were here
again

(Oh honey, honey, honey, yeah)

How I wish that you were here again

(Oh honey, honey, honey, yeah)

(Oh honey, honey, honey, yeah)

(Oh honey, honey, honey, yeah)
