

Work (Alex Ross Remix) by Jimmy Eat World

Jimmy Eat World

If you only once would let me
Only just one time
Then be happy with the consequence
With whatever's gonna happen tonight
Don't think we're not serious
When's it ever not
The love we make is give and it's take
I'm game to play along All I can say I should say
Can we take a ride?
Get out of this place while we still have time The best DJs are saving their slowest song for last
When the dance is through it's me and you
Come on, would it really be so bad
The things we think may be the same
But I won't fight for more
It's just not me to wear it on my sleeve
Count on that for sure All I can say I should have said
Can we take a ride?
Get out of this place while we still have time
You want to take a ride?
Get out of this place while we still have time
We still have time Can't say I was never wrong
But some blame rests on you
Work and play they're never okay to mix
The way we do All I can say I should have said
Can we take a ride?
Get out of this place while we still have time
You want to take a ride?
Get out of this place while we still have time
We still have time
