No One Knows

Screaming Trees

Don't turn away you haven't yet awakened
Why don't you stay? Remember what you said
Ten thousand miles and everyone's mistaken
Look where you've been where every woman's wastedAll the while you've been sleeping
Drifting on a wind never blown
Tomorrow you'll wake up aching
Wondering how when no one really knowsDon't speak a word of all that you've been saving
If there isn't time then you should let it go
Into the fire and bring back all you've taken
Once more alone you'll never let it showAll the while you've been sleeping
Drifting on a wind never blown
Tomorrow you'll wake up aching
Wondering how when no one really knowsNow what've I done wrong?
Why don't you tell me what've I done wrong?
Baby tell me oh what I've done wrong?
I've to tell me, oh tell me, tell me what I'veDon't walk away you haven't yet awakened
Why don't you stay? Remember what you said
Ten thousand miles and everyone's mistaken
Look where you've been where every woman's wastedAll the while you've been sleeping
Drifting on a wind never blown
Tomorrow you'll wake up aching
Wondering how when no one really knowsNow what've I done wrong?
Can't you tell me what've I done wrong?
Baby tell me what've I done wrong?
Oh tell me, tell me, tell me, tell me now
Oh yeah
