Colour My Love

Fun Fun

Colour my love, colour my love
When I'm lost and down
It is you that I miss
Now my love is somewhere
Lost in your kiss
And my heart is beating
I need you, baby
You can get me high
You can drive me crazy
I need you, you're so funny
I love you 'cause you are sweet, honey
Put me now in a new direction
With your love and, and with your affection
Colour my love
With a flower or just a kiss
Colour my love
I see dreams when I kiss your lips
Colour my love
On a rainbow, just me and you
Colour my love
Love has a colour, the colour of my love is you
Well, there will be no one to take your place
You can colour my love, my world, my space
When you say you love me
Looking through the window
I can see the stars playing with the rainbow
Close to you there's no darkness
When I am with you there is no sadness
Take my hand, I need all your protection
And I will give you all my love and passion
Colour my love
With a flower or just a kiss
Colour my love
Love has a colour, the colour of my love is you
We can take a trip in a magic heaven
Living in a fantasy
Flowers everywhere
Out in space and no cares
Only you can get me high

And can colour my, my, my?
Colour my love
I need your touch, your love, you're too much
Colour my love
With your good style, I dress me up
Colour my love
When I am with you all my dreams come true
Colour my love
Love has a colour, the colour of my love is you
