If You Don't Want Me To Destroy You

Super Furry Animals

If you don't want me to destroy you
Take a leaf out of my book
Turn it 'round and have a lookBecause I don't want you to destroy me
I'll commit myself to be
In and out of every treeGravity
You just hold me down so quietly
You just hold me backWhen the insects fly all around you
Do you reach and aim a hit
Or do you lie around a bit?And when the animals gather 'round you
Do you ask them for the time
Or do you run away and whine?Gravity
You just hold me down so quietly
You just hold me backGravity
You just hold me down so quietly
You just pull me down to EarthLet me go into the depths of your infinity
I can sense your presence in the vicinity
