Spinnin' Around

Bill Nelson

You keep me spinnin' around
'Round, 'round, 'round, 'round, 'round, 'round, 'roundI was thinkin' 'bout yesterday, I was thinkin' 'bout our tomorrow
In a dizzy kinda sorta way, like vertigo
I've been trying not to figure out but it's driving me crazy
Well, you'd think I'd know by nowA is last, Z is first
Living life in reverse
'Cause that's the way it worksSpinnin' around I've got this funny feelin'
Turnin' my whole world upside down
I'll keep my heart, my eyes on you
'Cause you keep me spinnin' around, spinnin' aroundWhat we're doing doesn't have a sequel, don't wanna lose your balance
Oh, you know you gotta keep your equilibrium
Goin' backwards to go forward, all these definite maybe's
It's like running around in circlesMake it last, take it slow
Just forget what you know
'Cause that's the way it goesSpinnin' around I've got this funny feelin'
Turnin' my whole world upside down
I'll keep my heart, my eyes on you
'Cause you keep me spinnin' around, spinnin' aroundEvery now and then I feel your peacefulness surround me
Then once again it all goes up and down
And over under 'round and aroundGo, go, go, jump, jump, go, go, go, J5
Spinnin around, oh, yeah, yeah
Upside down, oh, yeah, yeah, J5 in the house, hey
Jump, jump, jump, jump, jump, jumpTurnin turnin upside down, down
Cause youre spinnin, spinnin, spinnin me around, 'round
Go, jump, go, jump, go, jump, go, jump
Spinnin around, thats the way it worksTake it slow and not so fast, fast
Z is first and A is last, last
Up and down, all around, hey, hey
Turnin my whole world upside downOoh, yeah, it's not the take, it's the give
Yes, that's the way, okay, the way it isSpinnin' around I've got this funny feelin'
Turnin' my whole world upside down
I'll keep my heart, my eyes on you
'Cause you keep me spinnin' aroundSpinnin' around I've got this funny feelin'
Turnin' my whole world upside down
I'll keep my heart, my eyes on you
'Cause you keep me spinnin' around
