

# Geography II

## Front 242

There was a soldier  
War material  
Under the rain  
Soukilling, complain  
And life to sustain  
Pain - no pain  
There will be ructions  
More rebellions  
Looting, rout  
He's afraid of such a waste  
There was a soldier  
Warm material  
Under the sun  
For old acquaintances' sake  
Don't make such a mistake  
Please - oh please  
There will be ructions  
More rebellions  
Looting, rout  
Drugs tell upon one in time
