

Just The Beginning

[Damhnait Doyle](#)

Chase that dream down the highway
Don't care where, it's going my way
Sky on top, rain behind me
There's no looking back I want you to need me like I need you
Never thought I'd find something so pure [Chorus]
We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else
Don't think that it's over
I know that the world belongs to us
And it's just the beginning My heart raced a mile a minute
Some days get lost, then you're in it
Hold my hand, let's jump in and
See what lies ahead You are the mirror I see myself in
Never though I'd find so much within [Chorus] You are the mirror I see myself in
Never thought I'd find so much within We thought we'd be somewhere else
We started a long time ago
We thought we'd be anywhere else [Chorus] Just the beginning
