

Worry Worry Worry

The Three Suns

Worry, Worry, Worry, love is passing me by
()

Worry, Worry, Worry, love is passing me by
Worry, Worry, Worry, i'm so painfully shy
 Oh, the guys get all the kisses
 Why am I the one who misses
 Worry, Worry, Worry,
 Why always me
 Baby, Baby, Baby, i'm a fool about love
Maybe, Maybe, I should go to school about love
 When it comes to gettin' chummy
 I'll admit i'm quite a dummy
 Worry, Worry, Worry
 Why always me
 I've found out that i'm the worrying kind
 I go worrying right along
 Life is fine, but with a worrying mind
 So many things can go wrong
Worry, Worry, Worry, should i hold her so tight
 Worry, Worry, Worry, am I kissing her right
 She said: "Joe, it's you I'll marry."
 "I'm not Joe, my name is Harry."
 Worry, Worry, Worry
 Why always me
