

Celebrate the Weekend

Dev

I chose to feel unhappy
We have no time to play
Hurry up, get 'em ready
It's already there I chose to feel unhappy
We have no time to play
Hurry up, get 'em ready
It's already there Celebrate the weekend
(Celebrate, celebrate)
Celebrate the weekend
(Celebrate the weekend)
Weekend with best friends
Call us on our phones
No-one's home Celebrate the weekend
(Celebrate, celebrate)
Celebrate the weekend
(Celebrate the weekend)
Weekend with best friends
Call us on our phones
No-one's home I just caught an-
And it's our time and-
Can I spend a whole check
On the best with my best friends?
We're gonna get it, we're gonna bend this
First place everyday, like it's our birthday I chose to feel unhappy
We have no time to play
Hurry up, get 'em ready
It's already there I chose to feel unhappy
We have no time to play
Hurry up, get 'em ready
It's already there Celebrate the weekend
(Celebrate, celebrate)
Celebrate the weekend
(Celebrate the weekend)
Weekend with best friends
Call us on our phones
No-one's home Celebrate the weekend
(Celebrate, celebrate)
Celebrate the weekend
(Celebrate the weekend)

Weekend with best friends

Call us on our phones

No-one's home
