

Some Die Young

Laleh

I will tell your story if you die
I will tell your story and keep you alive the best I can
I will tell them to the children
if we have some, if we have some
But I've always felt a feeling we would die young
Some die young
Some die youngSome, some die young
But you better hold on
so many things i need to say to you
Please don't, don't let me go
and we said we would die together
Some die young
but you better hold on
so many things i need to say to you
Please don't, don't let me go
and we said we would die together
Some die youngI will tell your story if you try
but how long will your thoughts
of valleys stay green
when the world you were born in
changes with seasons
Will you run with this dream, will you run along
or will you run against and finally reveal
why some die young
Why some die young
Why some dieSome die young
but you better hold on
you better hold on
So many things i need to say to you
Please don't, don't let me go
and we said we would die together
Some die young
but you better hold on
So many things i need to say to you
Please don't, don't let me go
and we said we would die together
you said we would die
together
