Stripped

Jesus Jones

Can't feel my head, my heart?
Everything aches and I can't cure it
Imagine being afraid to think
Sink into to the ground, endure itI'm mad enough to kill and thrilled
I'm moved enough to cry
Too much, too much
Let all in, don't let it all pass you by
StrippedStripped, oh
Stripped, ohEveryone is hungry
Everyone needs to know
At the end of it all you've got to get what you want
Or you'll have nothing else to showStripped, oh
Stripped, ohEveryone is hungry
Everyone needs to knowEveryone is hungry
(Stripped, oh)
Everyone needs to know
(Stripped, oh)At the end of it all you've got to get what you want
(Stripped, oh)
Or you'll have nothing else to show
(Stripped)
