

# Stripped

## Jesus Jones

Can't feel my head, my heart?  
Everything aches and I can't cure it  
Imagine being afraid to think  
Sink into to the ground, endure itI'm mad enough to kill and thrilled  
I'm moved enough to cry  
Too much, too much  
Let all in, don't let it all pass you by  
StrippedStripped, oh  
Stripped, ohEveryone is hungry  
Everyone needs to know  
At the end of it all you've got to get what you want  
Or you'll have nothing else to showStripped, oh  
Stripped, ohEveryone is hungry  
Everyone needs to knowEveryone is hungry  
(Stripped, oh)  
Everyone needs to know  
(Stripped, oh)  
(Stripped, oh)  
At the end of it all you've got to get what you want  
(Stripped, oh)  
Or you'll have nothing else to show  
(Stripped)
