

Witch in the Ditch

Erasure

No, I would never step into your shoes
And dance in your chamber without you
I'm looking and I'm praying for a place I can dwell in
A place where our love can be true Yes, it was you my love
That made me turn around
Yes, it was you mein herr
That turned me upside down Were we never to be forgotten
Lay down your sweet head and cry
We'll live in dreamland tonight Oh, come all ye who are faithful
Lay down your sweet head and cry
Enter the valley of light Just watch this witch dig her heels in the ditch
As the ministry waves her goodbye
Wake from the dream with a start and a scream
And the prisoner gives out a sigh Yes, it was you mein schatz
That made me turn around Were we never to be forgotten
Lay down your sweet head and cry
We'll live in dreamland tonight Oh, come all ye who are faithful
Lay down your sweet head and cry
Enter the valley of light Yes, it was you my love
That made me turn around
Yes, it was you mein herr
That turned me upside down Were we never to be forgotten
Lay down your sweet head and cry
We'll live in dreamland tonight Oh, come all ye who are faithful
Lay down your sweet head and cry
Enter the valley of light Were we never to be forgotten
Lay down your sweet head and cry
We'll live in dreamland tonight Oh, come all ye who are faithful
Lay down your sweet head and cry
Enter the valley of light
