

# What Love Can Do

[John Hiatt](#)

We were always happiest when we needed the least  
Who knew this love would turn in to such a feast  
Breakfast, lunch and dinner and a midnight snack  
Im full to the brim but I keep comin back You take your tiara babe, Ill take my crown  
Come on honey, lets go downtown  
Trade em in on paupers rags and some worn out shoes  
Count on the kindness of strangers thats what love can do Thats what love can do, make you feel brand new  
Thats what love can do, lose someone you thought was you  
Thats what love can do, fire your heart and burn clean through  
Thats what love can do, thats what love can do  
Thats what love can do Its like weve laid in this river bed for a couple o million years  
Shaped by the waters till weve nearly disappeared  
Two little grains of sand locked in the eternal kiss  
Dont wake me up now, theres somethin that I might miss Thats what love can do, make you feel brand new  
Thats what love can do, lose someone you thought was you  
Thats what love can do, fire your heart and burn clean through  
Thats what love can do, thats what love can do  
Thats what love can do You dream a dream then the dream comes true  
Can you imagine what love can do?  
Youre alone in the coffee shop and then shes by your side  
Loves pick up the tab and youre both having pie Thats what love can do, make you feel brand new  
Thats what love can do, lose someone you thought was you  
Thats what love can do, fire your heart and burn clean through  
Thats what love can do Thats what love can do, make you feel brand new  
Thats what love can do, lose someone you thought was you  
Thats what love can do, fire your heart and burn clean through  
Thats what love can do, thats what love can do  
Thats what love can do
