

# KITE (Soon We'll Light Up)

## Dear Reader

I'm only as good as what I would  
give to the world  
but all i have is hurtI say I'm sad, but I just feel dead  
I'm waiting for someone to roll back the awningAnd let in the sun  
Beat back the dark  
Wave of the cloth  
And dust me off  
Soon we'll light upon something beautiful  
Soon we'll light upon something worthwhile  
For me to take care of
