Ca\$his

And I'm alright standing in the streetlights here Is this meant for me? My time on the outside is over We don't know how you're spending all of your days Knowing that love isn't here You see the pictures but you don't know their names 'Cause love isn't here And I can't do this by myself All of these problems, they're all in your head And I can't be somebody else You took something perfect and painted it red No sympathy when shouting out is all you know Behind your lies I can see the secrets you don't show We don't know how you're spending all of your days Knowing that love isn't here You see the pictures but you don't know their names 'Cause love isn't here And I can't do this by myself

All of these problems, they're all in your head And I can't be somebody else You took something perfect and painted it red When you took something perfect and painted it red You take the best things from me Then everything gets empty That's not a world that I need, oh You take the best things from me Then everything gets empty That's not a world that I need, oh, ooh, ooh And I can't do this by myself All of these problems, they're all in your head And I can't be somebody else You took something perfect and painted it red When you took something perfect and painted it red When you took something perfect and painted it red You took something perfect and painted it red
