# I Thought I Knew What Love Was

## [Tom Odell](#)

I thought it was easy
I thought you could choose
I thought that if you tried hard
Then you couldn't lose
I thought it was pleasure
I thought it was pureOh I thought I knew what love was
'till I met you
Oh I thought I thought I knew what love was
'till I met youIt's more like a storm
No, you wanted some more
Oh I thought I knew what love was
'till I felt yoursThought it was simple
Thought we on track
I thought if you kept on giving
Then you'd get it back
I thought it was spoiled
But I guess I was wrongOh I thought I knew what love was
'till you were gone
Oh I thought I knew what love was
'till you were goneIt's sweet and it's stone cold
And it's cruler than cruel
It's long and it's harder
And it don't got no rulesOh I thought I knew what love was
'till I met you
Oh I thought I knew what love was
'till I met you
