

Justine

The Blasters

Justine!

Justine (Justine), Justine (Justine)

You just won't treat me right

Justine (Justine), Justine (Justine)

You just won't treat me right

You like to ball in the morning

And stay out late at night

Goin' to the barber shop, gonna have 'em do me up

Gonna get clean for my little buttercup

Justine (Justine), Justine (Justine)

Justine (Justine), Justine (Justine)

She's my lovin' baby and I knew she'd drive me wild

Mama's, papa's, sister's, brother's, uncle's crazy child

Justine (Justine), Justine (Justine)

You just won't treat me right

Justine (Justine), Justine (Justine)

You sure won't treat me right

You like to ball in the morning

And stay out late at night

Justine (Justine), Justine (Justine)

You just won't treat me right

Justine (Justine), Justine (Justine)

You just won't treat me right

You like to ball in the morning

And stay out late at night

Goin' to the barber shop, gonna have 'em do me up

Wanna get clean for my little buttercup

Justine (Justine), Justine (Justine)

Justine (Justine), Justine (Justine)

She's my lovin' baby and you know she drives me wild

She a mama's, papa's, sister's, brother's, uncle's crazy child

Wow!
