You're Not An Army

Ub40

We can drag you out of bed in the middle of the night
Drive tanks along your street looking for a flight
We can put you in a cell an dash away the key
Make you stand against the wall torture chamber stylee
The reason is simple, it`s obvious to see
We can shoot at you but you can`t kill we
Don`t you see, don`t you see, your not an army
The reason is simple, it`s obvious to see
Right is on your side but the media`s with we
Don`t you see, don`t you see, your not an army

The thing you must remember since these troubles first began
Were supported by a tax paying population
And if the rest of this world is against we
It`s a fact that the people of this country won`t see
They can give you a trial by military
But you won`t be sentenced politically
You`ll be beat by other prisoners for political views
But you just another killer when we read it in the news
