[Hook]What's the bombaglat's my trap-spot, dreadlocks and rastas, rude boys and rude girls,

Jamaican mobsters, I shot the sheriff, smoking bob marley, all of this ecstasy is killing me softly

Turgo and curry, mid grade so pretty, this spots my x spot, can't dodge the red dot, smoking the lala,

Can't get no higher, where is me iya? she sends me fire, where is me lighter, look at me ice-uh,

Step up your neckpiece, I like your wife-uh, I pack a rifle, I love me life-uh,

Put up your hands before, I put up my rifle.

What it move? Bentley coupe on bentley shoes, hell na them ain't 22's, still keep coke in inner tubes,

Plotting on my next buissness move, 26 inch tennis shoes, old school paint it maserati blue,

Brought my gun, but forgot my roof, pulling up with your baby boo, ooh ooh it's you know who,

It's nascar baby what you gonna do, looking for something thick I can screw, paint change

And my diamonds too, trap nigga watch reminding you, my grill and ring be blinding you,

If you a stubborn artist I'm signing you, I'm still the same nigga that be shining too, Trap nigga, watch reminding you, my grill and ring be blinding you,

If you a stubborn artist I'm signing you, I'm still the black nigga that be shining too bitch.
