I Want It All Back

Coco Montoya

I Want It All Back
All the love I gave to you is on standing here patiently
Swim in ocean and sympathy you took it all so easily

It's alright, it's ok, I'll get by from day to day
But when the midnight rain begins to fall
I want it all back, I want it all back, I want it all back,
I want it all back, I want it all back, I want it all back,

There's no candle on my gloom , my heart it comes like a empty room
And when I find someone who cares
I'm so afraid there will be nothing there

It's alright, it's ok, I'll get by from day to day
But when the midnight rain taps on my window pane
I want it all back, I want it all back, I want it all back,
I want it all back, I want it all back, I want it all back,
I want it all

I want it all back, I want it all back, I want it all back,
I want it all back, I want it all back, I want it all back,
I want it all
I want it all back, I want it all back. want it all
I want it all back, I want it all back, I want it all back,
I want it all
I want it all back, I want it all back, I want it all back,
I want it all back, I want it all back, I want it all back,
All the love, all the love I gave to you
when the midnight rain begins to fall
I want it all
