Uncharted Waters

Bec Stevens

remove what you will girl
remove it all
cos theres no need to feel here
i canâ€™t feel at all

this place is cold
all year round
but youâ€™ve warmed the breeze
since youâ€™ve been down
and lately I havenâ€™t much to lose
so just come around
well my new house is empty
please fill it with sound
and stay stay stay
would you stay the night
i can keep my clothes on
if you like

and theres no denser heart in a town
that never snows
you were dressed for summer
so i gave you my coat
and we both know how it feels
to lose a friend
and were both gunna do what we can
to stop it happening again

so remove what you will girl
remove it all
cos theres no need to feel here
i canâ€™t feel at all
Iâ€™ve been drinking now
for long long days

and i know that its hard here
but why the fuck canâ€™t you stay
so remove what you will girl
theres no need to feel here
i canâ€™t feel at all
