Teclo

PJ Harvey

Long goes the nights
Longer the day
Teclo your death
Will send me to my graveI learn to beg
I learn to pray
Send me his love
Send him to me againLet me ride, let me ride
Let me ride on his grace for a while
Let me ride, let me ride
Just let me ride on his grace for a whileLong goes the night
Longer the day
Teclo your death
Will send me to my graveLet me ride, let me ride
Just let me ride on his grace for a while
Let me ride, let me ride
Just let me ride on your grace for a while, just let me ride
