## Joseph Arthur

I've been watching you  
I liked you right away  
'Cause you looked like you  
Might have something to say That I would want to hear  
Like you looked at me  
And liked me right away You're easy for me  
To bleed on  
I said you're easy for me  
To bleed on, yeah Well, I'll follow you  
Anywhere you wanna go  
'Cause you look like you  
Might already know A place we can be that feels better  
Than the hole I have inside of me You're easy for me  
To bleed on  
I said you're easy for me  
To bleed on You're easy for me  
To bleed on  
I said you're easy for me  
To bleed on A heaven to me  
A heaven to me  
A heaven to me  
A heaven to me And you're easy for me  
To bleed on  
And I said you're easy for me  
To bleed on You're easy for me  
To bleed on  
And I said you're easy for me  
To bleed on I've been watching you  
I liked you right away  
'Cause you looked like you  
Might have something to say That I would want to hear  
Like you looked at me  
And liked me right away
