In Time

Arrica Rose

All the words are calling
Got time on my own
There's no destination
Wondering whether I'll feel it again
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself around
The autumn leaves are falling
Falling down on me
And there's nothing I can do and there's nothing I can say
That's gonna change the way I feel
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time just hang around awhile
Like to sit this silent moment out

I don't wanna lose or let you down
Time's just gonna change itself around
Take this time just hang around awhile
Like to sit this silent moment out
And I don't wanna lose or let you down
Time's just gonna change itself, change itself around
I feel it's true all alone without you
I feel it's true
'Cause you're running with the wind
And you're running with your life
Won't you come inside? Inside
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself around
