

# It's Just the Sun

[Don McLean](#)

It's just the sun that's shining in your eyes  
It's just the moon that is the sun's disguise  
It's just the sky with clouds a blowin' by  
The sun and the moon and the sky  
And you and I it's just the rain that's rolling down my cheek  
It's just the wind that makes me hear you speak  
It's just the song that anyone can sing  
The rain and the wind and the song  
And the love you bring it's just the world that's gonna break your heart  
It's just the past that's tearing us apart  
It's just the time we have so little of  
The world and the past and the time  
That we fell in love
