You Do

Tiara Thomas

You're just like the rest 'em,
Don't tell me that you love me,
Yeah, I remember every message you wrote,
You said you'd put no one above me, oh
Now I shouldn't have broken your stuff,
But you shouldn't have broken up with me,
You think I'm crazy, oooo
I think the same thing,
How could you blame me?Don't act like you don't love me now,
You were just callin' me (callin' me, callin' me),
Don't act like you gonna shut me out, oh
You were just ballin',
Saying baby, baby,
Please boy.
No one loves me like you do, do you, you do, baby,
Oh, nobody fucks me like you do, do you, you do, baby,
Oh, nobody fucks me like you do, you do, you do, baeHow you gonna play?
How you gonna say you don't feel the same?
How you gonna lie?
Nigga you tried,
I just told all my friends you died,
Cause I hope you die,
My oh my,
Could I just please to take back that line,
'Cause you know I don't mean it,
But your so conceited,
I hate every last girl that you skeeted,
Don't make me repeat this,
Tell your pass whores to be seated
Nigga I will take your Iphone and smash it to pieces,
You won't have an IPhone to call the police with.Don't act like you don't love me now,
You were just callin' me (callin' me, callin' me),
Don't act like you gonna shut me out, oh
You were just ballin',
Saying baby, baby,
Please boy.
No one loves me like you do, do you, you do, baby,
Oh, nobody fucks me like you do, do you, you do, baby,
Oh, nobody fucks me like you do, you do, do you, babyAnd thats just the start of it,

The part of it that gets harder is,
My mother fucking fault,
'Cause why would Tiara put that heart in this shit; I did,
Because I guess I'm just retarded and shit,
Or maybe poshed in a bitch,
Got caught now parked in a ditch,
But it's alright 'cause we both in sync no bye bye bye,
And I know that is no surprise, that it's no surprise,
As a nigga gonna lie, lie,
You know a nigga right at the right time,
Cause he knows that I'm all of his life lines,
And I know that he's built like a pipe line,
And we're gonna hand it off for the limelight,
Bounce
