

# Strange Tidings

Albert Hammond, Jr.

Let's just wait here,  
I got so confused,  
But I left you in the morning when the news was ran the new. I won't go back again,  
My hours are through,  
And though she's on amends,  
There's nothing we can't do. Watch what you say, if I'm guilty  
I will pay  
Watch how it goes, if I'm guilty  
It'll show  
So watch, what you say if I'm guilty  
I'll walk away. I will wait here,  
for an hour or two  
Cause you left me in the bedroom, when there's  
other things to do. Watch what you say, if I'm guilty  
I will pay  
Watch how it goes, if I'm guilty  
It'll show  
So watch, what you say if I'm guilty  
I'll walk away. Controlling is,  
So hard to fight,  
I can't believe,  
I've lost my mind,  
I need you now,  
I need you then,  
On and on,  
Where are my friends?
