

Police Story

The Partisans

James Kelly lied
he said what the cops wanted him to say
James Kelly told us
of the shit that went on in the cell of his
Broke his ribs told him not to speak,
said you're drunk now on your feet
Into the van Kelly did
go never seen again now everybody knows James Kelly you're dead
James Kelly who cares????
James Kelly you're dead
James Kelly cares James Kellys dead
