

Room for Love

Melanie C

Stumbling down the same old street
That used to be paved with gold
Nothing I see is impressing me
Maybe I'm getting old I never knew
Hiding around the corner
Was a promise of another road
'Cause when you think is over
You burst open
I'm moving on Something is telling me now I got room for love
Somebody said "gotta make room for love"
Holding up a sign of "room for love"
You've got enough
Make room for love (Something is telling me now I got room for love)
(Somebody said "gotta make room for love")
Make room for love
Holding up a sign of "room for love"
You've got enough
Make room for love Caught up in failed emotion
But nothing is said in stone
Questioning your devotion
Gave me the courage to just let go I make the move, yeah
'Cause waiting around that corner
Was everything I dreamed coming true
Just when you think is over
You burst wide open
I'll take it all Something is telling me now I got room for love
Somebody said "gotta make room for love"
Holding up a sign of "room for love"
You've got enough
Make room for love
(Something is telling me now I got room for love)
(Somebody said "gotta make room for love")
Make room for love
Holding up a sign of "room for love"
You've got enough
Make room for love Let it fill you up
Open up your heart, it will leave you breathless
Make room for love
Let it take you high, you deserve it

Let it fill you up
Open up your heart, it will leave you breathless
Make room for love
Let it take you high, you deserve it
Something is telling me now I got room for love
Somebody said I gotta make room for love
I'm holding up a sign for love
You've got enough
Make room for love
(Let it fill you up)
(Open up your heart, it will leave you breathless)
(Make room for love)
(Let it take you high, you deserve it)
Holding up a sign of "room for love"
You've got enough
Make room for love
