Cold On Me

Ringside

Don't go cold on me
I need you now, more than ever
Don't go cold on me
We can work it out together
Oh, I'm a stupid man
Always gettin' into trouble
Baby, tell me what's your plan
'Cause I need you here on the double
Yeah, we can make it, make it
Lovin' all through the night
Yeah, we can make it, make it
C'mon, squeeze me tight, sugar
Don't go cold on me
The squeak needs a wheel
Don't go cold on me
Got to know how it feels
I'm so into you, I swear that it's true
But there's always someone bringin' me down
It's wreckin' my home, I wanna bury the bone
Forty miles beneath the ground
Yeah, we can make it, make it
Lovin' all through the night
Yeah, we can make it, make it
C'mon and squeeze me tight, sugar
Yeah, we can make it, make it
Lovin' all through the night
Yeah, we can make it, make it
C'mon and squeeze me tight, sugar
