

# Waiting on Words

## The Black Keys

[Verse 1]

I'm waiting on words  
I'm waiting on the one I've been thinking of  
And hoping you heard  
I'm waiting on the words[Chorus]  
Oh, goodbye  
I heard you were leaving  
Won't try changing your mind  
Goodbye, Don't know where you're going  
The only thing I really know  
My love for you is real, I[Verse 2]

I leave it behind  
No longer will I want for a single thing  
Stay true in my mind  
You have to let 'em in[Chorus x2]

Oh, goodbye  
I heard you were leaving  
Won't try changing your mind  
Goodbye, don't know where you're going  
The only thing I really know  
My love for you is real, I
