

Obsession

Starfield

Yeah I am fixed on You
As the world flies by
I have lost myself
In Your blinding light This obsession is my call, owning body mind and soul
All I live for is to know You and be known
This obsession makes me whole, I give in to its control
It consumes me like a fire within my bones I am not my own
I have been erased
Like a canvas washed
By the stokes, the stokes of grace This obsession is my call, owning body, mind and soul
All I live for is to know You and be known
This obsession makes me whole, I give in to its control
It consumes me like a fire within my bones This fire within my bones
It burns, it burns, it burns You're my obsession
You're my obsession
You're my obsession
You're my obsession
You're all I ever need You're my obsession
I'm Your possession
You're my obsession
I'm Your possession
You're my obsession
I'm Your possession
