Step Into The Light

Darren Hayes

I have turned away from you and I am godless
A wasteland of poison, a hidden fortress
I have blackened out the stars and hidden frequencies
I have silenced all the waves and forbidden secrecies
Just step into your light, this dog doesn?t bite, oh
I just want to be your friend
You know, I?ve never been in love before
I?ve never been in love before, oh
There is nothing of you now
No ghost, no, not a trace
No flower, not a seed nor perfume in your place
I have searched amidst a barren plain of emptiness
I am worthless
It is futile
You?re invisible
I am infantile
Step into the light, oh, this dog doesn?t bite, oh
Just wanna be your friend
You know I?ve never been in love before
I?ve never been in love before, oh
I have murdered the divine in me, set the goodness free
I have squandered it all, I'm less than the sum
I am parts of a whole, there is something missing
There is something I stole

(There is something I stole, there is something I stole)
(There is something I stole, there is something I)
Why have you forsaken me? Where do you hide?
I feel the betrayal, simmers, it blisters
It digs down and burrows deeper inside
(I?ve never been in love before)
The more that I try, I cannot deny it
(I?ve never been in love before)
It feels like, it feels like
(I?ve never been in love before)
It feels like
(I?ve never been in love before)
It feels like, it feels like
(I?ve never been in love before)

It feels like love
Step into the light, oh, this dog doesn?t bite, oh
Just wanna be your friend
You know that I?ve never been in love before
(I?ve never been in love before)
Just a step into the light, oh, you know that this dog doesn?t bite, oh
Take hold of my hand
You know that I?ve never been in love before, oh
