

Crazy About You

Whiskeytown

Trust is a weird thing
Make you crazy
Make you jealous
Make you wish you hadn't said a thing And I guess I have been mean
But I'm only second guessing you
'Cause you won't even let me through And I want to be happy
And I only want you
If you think that I'm crazy
I'm just crazy about you
Crazy about you And love is a wonderful thing
Make you wanna
Make you need to
Make you wish you hadn't said a thing Baby, I have been mean
But I'm only second guessing you
'Cause you won't even let me through And I want to be happy
And I only want you
If you think that I'm crazy
I'm just crazy about you
Crazy about you Baby, I want you
Honey, I need you
I know you want to
I can feel you And I want to be happy
And I only want you
If you think that I'm crazy
I'm just crazy about you
Crazy about you
