

# Unfinished

## Stone Sour

Advisory - the following lyrics contain explicit language:

While my hands are tied behind my back  
You saved the best and put me the last time  
Giving up on, giving you my heart  
I fucking hate it, I waited, think about all the times we faked it  
Realize how we torn this place apart But there's no reply from you  
No matter what I do, I'll never get away from you  
We're aren't finished! With my fingers crossed behind my back  
I let your words slip through my cracks  
This person you perceived is dead and gone  
I fucking hate it, you're jaded, we can scream for the hell we created  
This time I won't let you get me wrong Cause there's no reply from you  
No matter what I do, I'll never get away from you  
There's just no reply from you  
No matter what I do, I never get away from you Oh you want to hurt me  
Before I go, you want to break me down  
You'll never hear me  
You'll never feel the way I feel  
We aren't finished here! Cause there's no reply from you  
No matter what I do, I'll never get away from you  
There just no reply from you  
No matter what I do, I never get away from you  
We're not finished here!
