

Put You In the Back

The Ernies

Years have past and times gone by
It's times like this that I realize that
some people stay and some people go
But how in the hell are we suppose to know
Just what to do and how to do it
Someone tell me how to get through this
In the back that's where you belong
I'll go crazy before it's too long
I look around but I can't see
What's going on or what's happening to me
Another day and I'll have to deal
Never losing touch of what is real
I'd do it all again, but not quite the same
The thin I thought was normal turned out
to be insane
Forgive me not or forgive me do
I'll do my best to forget about you
