Timeweaver's Tale

Pain of Salvation

[japanese bonus track][Music and Lyrics by D.Gildenlow]The Timeweaver's abode is deep under ground
As interweaving history he us creates
He weaves in eternity not to be found
The Elder's legend that braids our fatesHoary and hollow-eyed, older than sun
Abiding his destiny to reverberate time
There's no one to remember how it began
In rooms filled with candles he reverberates timeTimeweaver, tell me my history that I've been searching so
Timeweaver, reveal the mystery that I've been letting growHe once was given his mission by three...
The Holy, The Sacred and The Ancient Dream
He doesn't exist for those who don't believe
He's nothing but stories for those who don't deemHoary and hollow-eyed, older than sun
Abiding his destiny to reverberate time
There's no one to remember how it began
In rooms filled with candles he reverberates timeTimeweaver, tell me my history that I've been searching so
Timeweaver, reveal the mystery that I've been letting growSpider's webs decorate dusty shelves lightened by old candles glow
Ancient prescriptions from times that don't even exist
In memories[D.Gildenlow/Both/D.Gildenlow/Hallgren]Guarded by spells he reincarnates time
Gives birth once again to a century's childHoary and hollow-eyed, older than sun
Abiding his destiny to reverberate time
And now I can remember how it began
In rooms filled with candles I reverberate timeTimeweaver told me a history I didn't want to know
Timeweaver revealed the mystery - two became one to grow!Timeweaver...
...time...will...be...here...now...and...Now!
