

Mi todo eres tu (Until the Last Moment)

Yanni Voices

Only in this moment will my heart remain beside you
Only in this moment will our passions stay aligned
Lost in love's embrace is where our memories lie Amar es tolerar...perdoname (forgive me too)
Es que no pense (it hurts in me)
And you Juntos podemos seguir
Darle otro rumbo a esta historia
Stood minutes from time but you and I
Survived through it all
Dime que puedes sentir
Que no termine este sueno
With this song and dance love has a chance
To prove what we knew all along [Chorus]
Somos los duenos del tiempo
Baila conmigo en el viento
Desnuda tus sentimientos
Hasta el ultimo momento
Mi todo eres tu Solo soy libre a tu lado
El miedo quedo en el pasado
Fulfill me now with this endless vow
To live as never before
(repeat chorus 2x) Hasta el ultimo momento...
