

Get Yours

Grandmaster Flash

Words: l.dukes, g.williams, n.glover music: j.saddler, l.smith, g.vaughn - 1987 from the album "ba-dop-boom-

bang"Stop sleepin',ya'll,if you know what time it is

Because someone is talkin' yours as well as gettin' his

You can front and ignore,but one thing's for sure

I'm gettin' mine,so you better get yoursGet yours,go for yours

Get yours,go for yours

Get yoursGet yours everytime the opportunity knocks

And don't chill-out too hard or you'll be out of the box

Stop running your face and try to listen instead

Or you'll be known as a loud-mouth joe rockhead

Success is out there for everybody,take it from me

Achieve without a license or some sort of degree

And if they claim you can't do it,this is what you say

Yo follow,lead,but get out of my wayGet yours,winners never quit

Get yours,go for yours

Get yours,winners never quit

Get yours,go for yours,we went for oursWhy sit at home bummin' just a-wastin' your time

When all ya gotta do is seek an' you'll find

What you want out of life,it's there so get it

If you don't,then later you'll grow to regret it

You can ignore and think I'm talkin' out loud for my health

But don't ya do it for me,just do it for yourself

And if you need a little push,here's food for me thought

We know that you can do it,so take no shortsGet yours,winners never quit

Get yours,go for yours

Get yours,winners never quit

Get yours,go for yours,we went for oursFor those sittin' back coolin',relaxed,gettin' fat

Waitin' for the right thing to come and drop in your lap

You see,you don't want to try,just let time fly

While your life goes by before your two eyes

You got to crawl before you walk,you see that opens the doors

Because you can't start buildin' from the sixth floor

If you work real hard,all your dreams will come true

If it happened to us,it can happen to you

The world is yours for the talkin' so what you waitin' for

You should be contemplating on how to go out and

Get yoursGet yours,winners never quit

Get yours,go for yours

Get yours,winners never quit

Get yours,go for yours,we went for oursGet yours everybody,your ambition shows
Get on top of yours game as your confidence grows
Never take a short,give-up no slack
You can't make it with a monkey ridin' on your back
Got to get up to get down,get on over the hump
Let your feelings flow and adrenalin pump (ugh)
Stay on your guard,never take three strikes
Get everything you want but get the best out of life
Ya see,what your future holds is no mystery
When you're the one who's in control of your destiny
Just put that weak pride aside,go make it or break it
You don't need it,then leave it,someone else will sure take it
An eternal flame burns in everyone of us
Turnin' the negative things in your life to a plus
Workin' real hard beats the competition
So what you waitin' for,you don't need no permission.....Get yours,winners never quit
Get yours,go for yours
Get yours,winners never quit
Get yours,go for yours,we went for oursGet yours,winners never quit
Get yours,go for yours
Get yours,winners never quit
Get yours,go for yours,we went for ours
